Arc UK showcases its tableware offering, and sustainability credentials, at the launch of their new London showroom

Arc UK, the leading manufacturer of premium glass and tableware products, has officially opened the doors to its brand new industry focused London showroom, situated at the Business Design Centre in Islington.

Based at one of the capital's most popular conference and exhibition venues, the stunning space marks the first time Arc has offered anything on this scale to its UK customers, providing them with a space to explore it's select range of tableware products in-person.

The showroom showcases Arc's wide collection of bespoke glassware, including wine, gin and cocktail glasses, tumblers, decanters and jugs; as well as tableware including bowls, plates, dinnerware sets and accessories. It is also set to be the hub for Arc UK to discuss the Group's sustainability credentials and their response to the ever-increasing legal changes facing the industry, which include new laws for single use tableware, the closed loop dynamic and the push for re-use rather than re-cycle.

Adam Devey, Managing Director at Arc UK, said: "Arc UK is committed to crafting functional and aesthetically pleasing tableware that elevates dining experiences. We're thrilled to have opened a new showroom in the heart of London, and to be bringing our products closer to our customers and giving them the chance to view these in a stylish, attractive setting. It also comes at an exciting time, as we will be launching over 200 new products to the trade during the last quarter of 2023 and in to 2024 and the Group's latest Sustainability press release.

“The showroom launch marks a significant milestone for the UK division of Arc, being the first time, we are able to offer a viewing experience to our UK customers at this scale in such a central position, and we look forward to welcoming visitors and showcasing our wide product ranges.”

Arc UK’s team of experts will be on hand to provide customers with guidance on purchases to meet their requirements, for both domestic and commercial use.

To discover Arc UK’s complete range of tableware, visit: www.arctableware.com , to book a showroom visit please contact us via the Contact Us page at www.arctableware.com or call 01386 552 551.
